Dear Sir,

**Subject: Update under Regulation 30 of the Securities and Exchange Board of India  
(Listing Obligations and Disclosure Requirements) Regulations, 2015.**

**Scrip code: 523768**

This is in continuation of our letter dated August 01, 2019 regarding start of commercial production at new furnace at Company's plant in Bharuch District of Gujarat, which is gradually expected to reach desired level of output shortly.

In terms of Regulation 30 and other applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, this is to inform you that the old 180 TPD furnace has been taken for a planned shut down from yesterday for the purpose of repair and rebuild. The furnace is expected to come back to production after rebuild with a higher capacity of 210 TPD, which is likely to take about 90 days.

This is for your information and records.

Yours faithfully,

For **Gujarat Borosil Limited**
